Appropriate assessment is incorporated into the learning process to achieve the learning goals of the course. Continuous internal evaluation is done in a informal way. Application of internal assessment methods varies from teacher to teacher, subject to subject and course to course. Faculty members use conventional and innovative evaluation methods in order to account for diversity in students' needs and abilities. Each department has worked out the details of how the CIE will be carried out for each paper taking care that learning objectives of each paper are achieved through the different assignments. The schedule for class tests, submission of assignments, presentations and educational field trips are notified to the students well in advance by their respective departments. It is essential that, during and at the end of a course of study, both the teacher and the taught evaluate how far

they have succeeded in the attainment of the objectives of teaching and learning. Application of internal assessment methods varies from teacher to teacher, subject to subject and course to course. Faculty members use conventional and innovative evaluation methods in order to account for diversity in students' needs and abilities.

7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

The power required for providing WiFi facility in the campus is provided by solar energy. Being in a rural setup most students are well aware of bio-organic waste management though not theoretically but consciously and we have a small vermicomposting unit and composting unit to take care of garden and canteen food waste. The need of the hour is plastic waste management and we are finding innovative ways for reducing the use of "single use plastic" which is the biggest culprit. One such step forward is use of "kulhads cups" for serving beverages instead of plastic disposables to minimize the use of "single use plastic items" in sync with the India's commitment to stop using all single-use plastics by 2022. We are also encouraging students for not using single use plastics. A lot of used paper waste is generated in the college and we sell them to different vendors for reuse instead of burning them. Printer Cartridges are generally refilled and not disposed. Wherever refilling is not possible, the cartridge is returned to the vendor. UPS batteries are exchanged for a nominal cost (buy back offers) with the vendor of the new batteries.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

1. Adaptation of "Kulhaads" for serving beverages in place of plastic or styrofoam cups in the college campus and elsewhere. 2. Namami Gange: To participate and contribute our part in the national mission of abatement of pollution and rejuvenation of the river Ganga. To participate and contribute our part in cleanliness drive during very many festivals held on the banks of River Ganga.
